Key skills and knowledge by unit

Standard

Introduction

The History Progression of skills and knowledge shows the knowledge and skills taught in the Kapow Primary History curriculum and which of the units work towards these statements.

Component knowledge statements are shown in grey and composite skills are shown in white.

Knowledge	To know that 'the present' is time happening now.	Chronological awareness	✓		
	To know that within living memory is 100 years.		✓		
	Sequencing three or four events in their own life		✓		
Skills	Using common words and phrases for the passing of time (e.g. now, long ago, then, before, after)		✓	✓	✓
	Sequencing three or four artefacts from different periods of time.			✓	

Topic knowledge is covered in each of our units, helping pupils to understand the period being studied, however this knowledge is not necessarily progressive and the need to memorise this knowledge may not extend beyond the topic in question. It has not been included in this document for this reason. Topic knowledge (or 'fingertip knowledge as it is referred to in the Ofsted research review series: history) does have an important role in history learning however as it enables pupils to develop their **Chronological awareness** and understanding of **Substantive concepts** in different contexts.

This version was created on 11.10.23 and the most recent version can always be found [here](#).
