KS2 Quiz

Unit title: Why does religion look different around the world?

1 How might the geographical features of a place influence the sharing and practising of beliefs?

- A The wealth of a region directly determines the number of religious people.
- B Areas with a lower population may have fewer disagreements about beliefs.
- C Isolated or remote places may not be able to share beliefs easily.
- D Mountainous areas tend to have higher shared beliefs because they are closer to the sky.

2 Why might different deities be favoured by some Hindus? (Choose all that apply.)

- A People descended from an area where they were significant.
- B People like the way they look.
- C Different deities hold qualities which are needed at certain times.
- D Some deities travel to people's houses and give them money.

3 Why do Hindus practices vary among individuals in the UK?

- A Different families originate from different parts of India with their own traditions.
- B All Hindu families in the UK practice their religion in exactly the same way.
- C Only children are allowed to practice Hindu rituals.
- D Hindu practices are influenced only by the local UK culture, not by individual family traditions.

4 How might migration impact Hindu practices in the UK?

- A Migration has no impact on Hindu practices.
- B Hindus cannot continue their practices after migrating.
- C Adaptations of Hindu practices may arise to suit a new cultural environment.
- D Hindu practices are banned outside of India.

5 What does it mean to become an initiated Sikh?

- A It means moving to a new country.
- B It involves a commitment to live by high spiritual and moral standards.
- C It is about changing one's name only.
- D It requires learning a new language.
